

CHILD SAFE ENVIRONMENT

QUALITY AREA 2 | ELAA version 1.1

Working in partnership with Cancer Council Victoria, ELAA has aligned this policy to the key policies and guidelines of the Healthy Early Childhood Services Achievement Program

PURPOSE

This policy provides a clear set of guidelines and procedures for Denzil Don Kindergarten to:

- provide a safe environment for all children which ensures their safety, health and wellbeing
- promote the cultural safety of all children
- identify, reduce and remove risks of child abuse
- intervene when a child may be at risk of abuse or neglect
- involve children in child safety including listening to children and incorporating their views about how to provide a safe environment
- make staff aware of their legal and duty of care obligations to report child abuse and neglect
- responding to requests, sharing and requesting information to promote child wellbeing or safety and/or manage risk of family violence.

POLICY STATEMENT

VALUES

Denzil Don Kindergarten:

- is committed to the rights of all children to feel safe, and be safe at all times, including:
 - promoting the cultural safety of Aboriginal and Torres Strait Island children
 - promoting the cultural safety of children from culturally and linguistically diverse backgrounds
 - promoting the safety of children with a disability
 - promoting the (right to) safety of trans and gender diverse children and their families in ECEC settings
 - ensuring that LGBTIQ+ children and families feel included
- values, respects and cares for children
- fosters opportunities for each child to participate, express their views and to learn and grow
- always acts in the best interests of each child and has zero tolerance of child abuse
- takes all reasonable steps to ensure the health, safety and wellbeing of children at all times, whilst also promoting their learning and development
- actively manages the risks of abuse or harm to each child, including fulfilling our duty of care (*refer to Definitions*) and legal obligations to protect children and prevent any reasonable, foreseeable risk of injury or harm
- continuously improves the way our service identifies risks of and responds to child abuse, and encourages reporting and improved responses to allegations of abuse.
- proactively shares information with relevant authorities to promote the wellbeing and/or safety of a child or a group of children, consistent with their best interests.

PROCEDURES

Refer to *Attachment 3* for the following procedures:

- Making a report/referral to specialised services
- Managing a disclosure
- Responding to incidents, disclosure and suspicions of child abuse
- Reportable Conduct Scheme

Refer to *Attachment 4* for the following procedure:

- Documentation for responding to incidents, disclosure and suspicions of child abuse

BACKGROUND AND LEGISLATION

BACKGROUND

A key requirement of the *Education and Care Service National Law Act 210* is to ensure every reasonable precaution is taken to protect children being educated and cared for by the service from harm and from any hazard likely to cause injury (*National Law: Section 167*). The approved provider must also ensure that each Nominated Supervisor and each person in day-to-day charge of the service has successfully completed the child protection training required by the Department of Education and Training (*National Law: Section 162A*).

Under the *Education and Care Services National Regulations 2011*, the approved provider of an education and care service must ensure that the nominated supervisors and staff members at the service who work with children are advised of:

- the existence and application of the current child protection law
- any obligations that they may have under that law (*Regulation 84*).

Under the *National Quality Standards*, management, educators and staff are required to be aware of their roles and responsibilities to identify and respond to every child at risk of abuse or neglect (*element 2.2.3*). At all times, reasonable precautions and adequate supervision must be provided to ensure children are protected from harm and hazard (*element 2.2.1*).

Approved providers operating under the *Children's Services Act 1996* must ensure that every reasonable precaution is taken to protect children being cared for or educated by the service from harm and from any hazard likely to cause injury (*section 107*).

The approved provider, persons with management control, nominated supervisor, persons in day-to-day charge, educators, staff, contractors, students and volunteers of early childhood services have legal and duty of care obligations to protect children under their supervision and care.

Duty of care obligations (*refer to Definitions*) require the approved provider, person with management or control, nominated supervisor, persons in day-to-day charge, and staff to take reasonable steps to protect children from injury that is reasonably foreseeable.

In addition, organisations have an organisational duty of care (*refer to Definitions*) to take reasonable precautions to prevent the abuse of a child by an individual associated with the organisation while the child is under its care, supervision or authority. The Victorian Reportable Conduct Scheme (*refer to Definitions*) seeks to improve organisations' responses to allegations of child abuse and neglect by their workers and volunteers. The scheme is established by the *Child Wellbeing and Safety Act 2005 (the Act)* and relates to individuals associated with an organisation, including but not limited to committee members, employees, volunteers and contractors.

The Children, Youth and Families Act 2005 provides the legislative basis for the provision of services to vulnerable children, young people and their families, and places children's best interests at the heart of decision-making and service delivery.

In line with the Victorian Government's Roadmap for Reform, Education State reforms and broader child safety initiatives, *Part 6A* of the *Child Wellbeing and Safety Act 2005* was proclaimed in September 2018. The Act established the Child Information Sharing (CIS) Scheme, which enables sharing of confidential information between prescribed information sharing entities (*refer to Definitions*) in a timely and effective manner in order to promote the wellbeing and safety of children. Alongside the CIS Scheme, the *Family Violence Protection Act 2008* includes the Family Violence Information Sharing (FVIS) Scheme and the Family Violence Multi-Agency Risk Assessment and Management Framework, which enables information to be shared between prescribed entities to assess and manage family violence risk to children and adults. It will allow professionals working with children to gain a complete view of the children they work with, making it easier to identify wellbeing or safety needs earlier, and to act on them sooner.

Any person who forms a reasonable belief (*refer to Definitions*), that a child is in need of protection may report their concerns to the Child Protection (*refer to Definitions*).

Early childhood teachers are required to be registered with the Victorian Institute of Teaching and are mandatory reporters (*refer to Definitions*). In addition, all educators with post-secondary qualifications in the care, education or minding of children and employed or engaged in an education and care service or a children's service and all proprietors, nominees of a children's service, approved providers, and nominated supervisors of an education and care service are mandatory reporters.

All mandatory reporters must make a report to Victoria Police and/or Child Protection (*refer to Definitions*) as soon as practicable if, during the course of their roles and responsibilities they form a reasonable belief that:

- A child is likely to suffer, or has suffered, significant harm as a result of physical abuse and/or sexual abuse, and
- The child's parents have not protected, or are unlikely protect, the child from harm of that type.

Victorian organisations that provide services to children are required under the *Child Wellbeing and Safety Act 2005* to ensure that they implement compulsory minimum Child Safe Standards to protect children from harm. The standards aim to drive continuous improvement in the way services prevent and report child abuse and respond to allegations of child abuse. Standard 2 requires services to have a child safe policy or statement of commitment to child safety.

Three criminal offences in the *Crimes Amendment (Protection of Children) Act 2014* protect children from child abuse:

- Failure to disclose: All adults (not just those working with children) have a legal duty to report information about child sexual abuse to Victoria Police. The offence applies to any adult who forms a reasonable belief that a sexual offence has been committed by an adult against a child under 16 and fails to report that information to the Victoria Police.
- Failure to protect: The offence applies to people within organisations who hold positions of authority within an education and care service, such as the approved provider, person with management or control, the nominated supervisor or the person in day to day charge and who know of the substantial risk that another adult associated with the organisation may commit a sex offence and they have the power or responsibility to remove or reduce the risk but negligently fail to do so.
- Grooming offence: The offence targets predatory conduct by an adult with the intent of committing child sexual abuse. Conduct may include communication, including online communication, with a child under the age of 16 or their parents.

DEFINITIONS

The terms defined in this section relate specifically to this policy. For regularly used terms e.g. Approved provider, Nominated supervisor, Notifiable complaints, Serious incidents, Duty of care, etc. refer to the Definitions file on the kindergarten website.

Abuse: see Child abuse definition below.

Child abuse: (In the context of this policy) an act or omission by an adult that endangers or impairs a child's physical and/or emotional health or development. Child abuse can be a single incident but often takes place over time. Abuse, neglect and maltreatment (refer to Definitions) are generic terms used to describe situations in which a child may need protection. Child abuse includes any and all of the following:

- **Physical:** when a child suffers or is likely to suffer significant harm from an injury inflicted by a parent/guardian, caregiver or other adult. The injury may be inflicted intentionally or be the consequence of physical punishment or the physically aggressive treatment of a child. Physical injury and significant harm to a child can also result from neglect by a parent/guardian, caregiver or other adult. The injury may take the form of bruises, cuts, burns or fractures, poisoning, internal injuries, shaking injuries or strangulation.
- **Sexual:** when a person uses power or authority over a child, or inducements such as money or special attention, to involve the child in sexual activity. It includes a wide range of sexual behaviour from inappropriate touching/fondling of a child or exposing a child to pornography, to having sex with a child and grooming with the intent of committing child sexual abuse.
- **Emotional and psychological:** when a child's parent/guardian repeatedly rejects the child or uses threats to frighten the child. This may involve name calling, put downs or continual coldness from the parent or caregiver to the extent that it significantly damages the child's physical, social, intellectual or emotional development.
- **Neglect:** the failure to provide a child with the basic necessities of life, such as food, clothing, shelter, medical attention or supervision, to the extent that the child's health and development is, or is likely to be, significantly harmed.
- **Family violence:** When children and young people witness or experience the chronic, repeated domination, coercion, intimidation and victimisation of one person by another through physical, sexual and/or emotional means within intimate relationships. Contrary to popular belief, witnessing episodes of violence between people they love can affect young children as much as if they were the victims of the violence. Children who witness regular acts of violence have greater emotional and behavioural problems than other children.
- **Racial, cultural, religious:** conduct that demonstrates contempt, ridicule, hatred or negativity towards a child because of their race, culture or religion. It may be overt, such as direct racial vilification or discrimination, or covert, such as demonstrating a lack of cultural respect (attitude and values) and awareness (knowledge and understanding) or failing to provide positive images about another culture.
- **Bullying:** repeated verbal, physical, social or psychological behaviour that is harmful and involves the misuse of power by an individual or group towards one or more persons. Bullying occurs when one or more people deliberately and repeatedly upset or hurt another person, damage their property, reputation or social acceptance.

Child FIRST: Victorian community-based intake and referral service linked with Family Services. Child FIRST ensures that vulnerable children, young people and their families are effectively linked to relevant services, including Child Protection.

Child Information Sharing Scheme (CISS): enables Information Sharing Entities (ISE) (*refer to Definitions*) to share confidential information about any person to promote the wellbeing and/or safety of a child or group of children. The CISS works in conjunction with existing information sharing legislative provisions. All Victorian children from birth to 18 years of age are covered. Unborn children are only captured when there has been a report to Child First or Child Protection. Consent is not required from any person when sharing under CISS. The CISS does not affect reporting obligations created under other legislation, such as mandatory reporting obligations under the *Children, Youth and Families Act 2005*.

Child Safe Standards: promotes the safety of children, prevent child abuse, and ensure organisations have effective processes in place to respond to and report all allegations of child abuse.

Child sex offender: a person that sexually abuses children, and who may or may not have prior convictions.

Child protection: describes the whole-of-community approach to the prevention of harm to children. It includes strategic action for early intervention, for the protection of those considered most vulnerable and for responses to all forms of abuse.

Child protection notification: notification to Child Protection Service's from a person who believes that a child is in need of protection.

Child Protection Service (also referred to as Child Protection): statutory child protection service provided by the Victorian Department of Health and Human Services, to protect children and young people at risk of abuse and neglect. The service also works closely with Family Services (including Child FIRST) to support the assessment and engagement of vulnerable children and families in community-based services.

Code of conduct: rules or practices that establish a standard of behaviour to be followed by individuals and organisations. A code of conduct defines how individuals should behave towards each other and towards other organisations and individuals in the community (refer to Code of Conduct Policy).

Contractor: person or company that undertakes a contract to provide materials or labour to perform a service or do a job.

Disclosure: (in the context of this policy) a statement that a child or young person makes to another person that describes or reveals abuse.

Family Violence Information Sharing Scheme (FVISS): enables the sharing of relevant information between authorised organisations to assess or manage risk of family violence.

Head of organisation: under the Reportable Conduct Scheme head of organisation's are required to have systems in place to prevent reportable conduct within their organisation, and enable staff to make reportable allegations. The head of organisation has the powers of the employer. At Denzil Don Kindergarten, the head of organisation is the President or Nominated Supervisor.

Information Sharing Entities (ISE): are authorised to share and request relevant information under the Child Information Sharing Scheme and the Family Violence Information Sharing Scheme (the Schemes) and required to respond to requests from other ISE's. All ISE's are mandated to respond to all requests for information.

Maltreatment: (in the context of this policy) physical and/or emotional mistreatment, and/or lack of care of a child. Examples include sexual abuse, the witnessing of family violence and any non-accidental injury to a child.

Mandatory reporting: legal obligation of certain professionals and community members to report when they believe, on reasonable grounds, that a child is in need of protection from harm. A broad range of professional groups are identified in the Children, Youth and Families Act 2005 as 'mandatory reporters', including:

- all educators with post-secondary qualifications in the care, education or minding of children and employed or engaged in an education and care service or a children's service
- all proprietors, nominees of a children's service, approved providers, and nominated supervisors of an education and care service.
- educators registered with the Victorian Institute of Teaching (VIT).

Mandated staff members must make a report to Victoria Police and/or Child Protection as soon as is practicable if, during the course of acting out their professional roles and responsibilities, they form a belief on reasonable grounds (refer to Definitions) that:

- a child has suffered, or is likely to suffer, significant harm as a result of physical and/or sexual abuse (refer to Definitions) and
- the child's parents/guardians have not protected, or are unlikely to protect, the child from harm of that type.

Mandatory reporters must follow processes for responding to incidents, disclosures or suspicions of child abuse to fulfil all their legal obligations (refer to Attachment 4: Processes for responding to and reporting suspected child abuse).

Neglect: see Child abuse definition above.

Negligence: doing, or failing to do something that a reasonable person would, or would not do in a certain situation, and which causes another person damage, injury or loss as a result

Organisational duty of care: statutory duty organisations have to take reasonable precautions to prevent sexual and/or physical abuse of a child.

Offender: person who mistreats and/or harms a child or young person.

Perpetrator: person who mistreats and/or harms a child or young person.

Reasonable belief/reasonable grounds: beliefs formed on reasonable grounds that a child or young person is in need of protection after becoming aware that the child or young person's safety, health or wellbeing is at risk and the child's parents/guardians are unwilling or unable to protect them. There may be reasonable grounds for forming such a belief if:

- a child or young person states that they have been physically or sexually abused
- a child or young person states that they know someone who has been physically or sexually abused (sometimes the child may be referring to themselves)
- someone who knows the child or young person states that the child or young person has been physically or sexually abused
- a child shows signs of being physically or sexually abused
- the person is aware of persistent family violence or parental substance misuse, psychiatric illness or intellectual disability or other factors that are impacting on the child or young person's safety, stability or development
- the person observes signs or indicators of abuse, including non-accidental or unexplained injury, persistent neglect, poor care or lack of appropriate supervision
- a child's/young person's actions or behaviour may place them at risk of significant harm and the parents/guardians are unwilling or unable to protect the child.

Reportable allegation: any allegation that an employee, volunteer or student has committed child abuse (*refer to Definitions*)

Reportable Conduct Scheme: guides how organisations respond to allegations of child abuse and child-related misconduct by their workers and volunteers. There are five types of 'reportable conduct':

- sexual offences committed against, with or in the presence of a child
- sexual misconduct committed against, with or in the presence of a child
- physical violence against, with or in the presence of a child
- any behaviour that causes significant emotional or psychological harm to a child
- significant neglect of a child.

Working with Children Check (WWC): a legal requirement under the Worker Screening Act 2020 for those undertaking paid or voluntary child-related work in Victoria.

Working with Children Clearance: WWC Clearance is granted to a person under working with children legislation if:

- they have been assessed as suitable to work with children
- there has been no information that, if the person worked with children, they would pose a risk to those children
- they are not prohibited from attempting to obtain, undertake or remain in child-related employment.

EVALUATION

In order to assess whether the values and purposes of the policy have been achieved, the Approved Provider will:

- regularly seek feedback from everyone affected by the policy regarding its effectiveness, particularly in relation to identifying and responding to child safety concerns
 - monitor the implementation, compliance, complaints and incidents in relation to this policy
 - keep the policy up to date with current legislation, research, policy and best practice
 - revise the policy and procedures as part of the service’s policy review cycle, or as required
 - notifying all stakeholders affected by this policy at least 14 days before making any significant changes to this policy or its procedures, unless a lesser period is necessary due to risk (*Regulation 172 (2)*).

AUTHORISATION

This policy was adopted by the approved provider of Denzil Don Kindergarten on 6 September 2021.

REVIEW DATE: 6 / SEPTEMBER / 2023

ATTACHMENT 1: STEPS DENZIL DON KINDERGARTEN WILL TAKE TO INCORPORATE CHILD SAFETY INTO STAFF RECRUITMENT AND MANAGEMENT

The following steps will be taken by Denzil Don Kindergarten in consideration of child safety when recruiting and managing staff. These steps demonstrate our commitment to maximising the safety of children and deterring unsuitable persons from working at our service.

Preparing for recruitment

- Job descriptions will include a statement of Denzil Don Kindergarten's commitment to maintaining a child safe environment
- Job descriptions will clearly outline responsibilities and accountability
- Job advertisements will specify requirements for a current Working with Children Check (WWCC) and/or Victorian Institute of Teaching registration
- Letter of Offer will include a statement of what is expected of the staff member in regard to commitment and responsibilities for child safety.

Selection process

- Two to three people will be part of the interview and selection process including, where possible, a gender mix and a person external to the service/someone with human resource experience
- Questions will be behaviour-based and the interviewee will be asked to provide examples of past actions and behaviour in specific situations relevant to the job being applied for
- Questions regarding relationships with children will be values-based and cover issues such as professional boundaries, resilience and motivation, teamwork, accountability and ethics
- Questions will be influenced by the key selection criteria
- Qualifications will be verified and, where relevant, Working with Children Clearance and/or Victorian Institute of Teaching registration
- External human resources consultant will perform reference checks:
 - at least two referees contacted (including the current or most recent employer or direct line manager)
 - all referees must have observed the applicant working with children first-hand
 - referees specifically asked about the candidate's past behaviour including relationships with children, professional boundaries, resilience and motivation, teamwork, accountability and ethics.
- Orientation and induction will include explanation of values, attitudes, expectations and workplace practices in relation to maintaining a child safe environment
- Orientation and induction will include information about *Child Safe Environment Policy, Code of Conduct Policy, Complaints and Grievances Policy and Staffing Policy*
- After commencement, regular meetings/check-ins will occur with the new staff member and management
- Training and education on child safety and child protection will be regularly provided for all staff
- Resources and support will be provided for all staff to ensure a child safe environment.

Ongoing Management

- Regular staff meetings will be held with child safety included on the agenda regularly
- Clear expectations of roles will be provided so they are understood by staff. Performance will be reviewed and observed, and feedback provided including guidance where necessary
- Performance reviews will consider the staff member's contribution to creating a child safe environment
- Regular child safe, child protection and inclusive practices education and training will be provided for all staff
- Resources and support provided for all staff to ensure a child safe environment
- A staff currency register will be maintained and regularly reviewed to ensure:
 - registration of all early childhood teachers with Victorian Institute of Training remains current
 - status of WWCC cards ensuring no staff have a Negative Notice or had their card revoked or suspended.
- Processes in place to manage a staff member who has a Negative Notice including ensuring that they do not do any child-related work.

ATTACHMENT 2: STEPS DENZIL DON KINDERGARTEN WILL TAKE TO INCORPORATE CHILD SAFETY INTO THE RECRUITMENT AND MANAGEMENT OF CONTRACTORS, VOLUNTEERS AND STUDENTS

The following steps will be taken by Denzil Don Kindergarten to incorporate child safety in the recruitment and management of contractors (*refer to Definitions*), volunteers (*refer to Definitions*) and students. These steps demonstrate our commitment to maximising the safety of children and prevent unsuitable and inappropriate persons from working, volunteering or attending as a student at our service.

- The nature of the work or task being undertaken by contractors, volunteers and students will be assessed to determine whether a position description is required
- Consideration will be given to deem whether a screening or recruitment process is relevant to the role and the risks to children
- A valid Working with Children Check or exemption is required for people engaged in 'direct contact' in child-related work, including physical contact, face to face contact, oral, written or electronic communication.
- At service orientation, all contractors, volunteers and students will be informed of policies relevant to their role
- Supervision will be provided to ensure clear expectations regarding the role and responsibilities
- Contractors, volunteers or students (or visitors) will not be left alone with children
- Contractors, volunteers and students will be instructed on child safety and wellbeing and how the service maintains and responds to issues of safety.

ATTACHMENT 3: PROCESS FOR RESPONDING TO INCIDENTS, DISCLOSURE AND SUSPICIONS OF CHILD ABUSE

Overview

- The approved provider or staff, including those with mandatory reporting responsibilities (*refer to Definitions*) must act when they form a reasonable belief or have a suspicion that a child has been, or is at risk of being abused. Regardless of the suspected cause, all concerns about the wellbeing of a child (or unborn child) should be taken seriously and acted upon. This includes concerns about the wellbeing of a child, which does not appear to be the result of abuse
- Staff must seek advice from the Approved Provider or person with management or control, DHHS Child Protection, Child First and/or Victoria Police if they are uncertain about whether they have sufficient grounds to form a reasonable belief.
- If staff hold a reasonable belief that a child has been or is at risk of being abused, regardless of the advice of the Approved Provider or Person with Management or Control, or any other staff member, they must make a report to Child Protection and/or Victoria Police.
- The steps outlined in the Department of Education and Training's flowchart: Four critical actions for early childhood services: Responding to Incidents, Disclosures and Suspicions of Child Abuse, provides a summary of the critical actions are to be followed: www.education.vic.gov.au
- Records of all child safety concerns or complaints must be retained. These records should detail comprehensive descriptions of incidents/ issues of concern and actions taken, including reports made to statutory authorities or professional bodies and follow-up actions to be completed. The records must be stored in accordance with the *Privacy and Confidentiality Policy*.
- Privacy must be maintained, and information disclosed when it promotes the safety or wellbeing of a child.
- When making a report of suspected abuse, permission from the parent/guardian of the child is not required.

Responding to concerns about the wellbeing of a child

When to report wellbeing concerns to Child FIRST (Family Information, Referral and Support Team)

A referral to Child FIRST or Orange Door (*refer to Definitions*) should be made if the approved provider/staff member has significant concerns for a child's wellbeing and the child is not in immediate need of protection. This may include circumstances when there are:

- significant concern for a child's wellbeing
- parents who lack the skills to support their child's physical, emotional and cognitive development that may be affecting the child's development
- family conflict, including family breakdown
- families under pressure, due to a family member's physical or mental illness, substance misuse, disability or bereavement
- young, isolated and/or unsupported families
- families experiencing significant social or economic disadvantage that may adversely impact on a child's care or development.

When to make a referral to orange door

Orange Door is a free service for women, children and young people who are experiencing family violence, or families who need assistance with the care and wellbeing of children to access the services they need to be safe and supported. Both services ensure that vulnerable children, young people and their families are linked effectively into relevant services, and this may be the best way to connect children, young people and their families with the services they need.

When to report wellbeing concerns to Victoria police

In addition to reporting suspected abuse to appropriate authorities, you must contact Victoria Police on 000 if the:

- child's immediate safety is compromised
- child is partaking in any risk-taking activity that is illegal and extreme in nature or poses a high risk to their safety, or the safety of somebody else.

When to report wellbeing concerns to DHHS child protection

In addition to reporting suspected abuse to appropriate authorities, you should contact DHHS Child Protection if you have significant protective concerns for the wellbeing of a child, but the parents are unable or unwilling to address or resolve these concerns. This includes all concerns that:

- have a serious impact on a child's safety, stability or development (including abandonment, death or incapacity, extreme risk-taking behaviour, or harm to an unborn child)
- are persistent and entrenched and likely to have a serious impact on a child's safety, stability or development
- relate to a parent/s who cannot or will not protect the child from significant harm
- include a belief that the family is likely to be uncooperative in seeking assistance.

Managing a disclosure

It is very important to validate a child's disclosure, by listening to the child, taking them seriously and responding and acting on the disclosure by implementing the Denzil Don Kindergarten's reporting procedures.

Strategies include:

- let the child talk about their concerns in their own time and in their own words
- give them your full attention, the time and a quiet space to do this and be a supportive and reassuring listener
- remain calm and use a neutral non-judgmental tone
- comfort the child if they are distressed
- record the child's disclosure using the child's words.
- tell the child that telling you is the right thing to do and that what has happened is not their fault
- let them know that you will act on this information and that you will need to let other people know so that they can help them
- it is the role of DHHS Child Protection and Victoria Police to investigate. DO NOT taking any steps to investigate. Avoid asking investigative or invasive questions which may cause the child to withdraw and may interfere with an investigation. Avoid going over information repeatedly.

Responding to incidents, discloser and suspicions of child abuse

To make a report to child protection a staff member needs to have formed a reasonable belief (*refer to Definition*) that a child has suffered or is likely to suffer significant harm as a result of abuse or neglect, and that their parent has not protected or is unlikely to protect the child from harm of that type.

It is strongly recommended that ALL early childhood service staff follow the **Four Critical Actions** as soon as they witness an incident, discloser or form a reasonable belief that a child has or is at risk of being abused.

ACTION 1: RESPONDING TO AN EMERGENCY

If a child has just been abused or is at immediate risk of harm you must take reasonable steps to protect them. These include:

- separating the alleged victim and others involved, ensuring all parties are supervised by a service staff member
- arranging and providing urgent medical assistance where necessary by:
 - administering first aid assistance
 - calling 000 for an ambulance and following any instructions from emergency service officers/paramedics
 - calling 000 for urgent police assistance if the person who is alleged to have engaged in the abuse poses an immediate risk to the health and safety of any person
- identifying a contact person at the service for future liaison with police
- taking reasonable steps to preserve evidence, such as the environment, clothing, other items, and potential witnesses until the police or other relevant authorities arrive on the premises.

ACTION 2: REPORTING TO AUTHORITIES

Once immediate health and safety concerns are addressed you must report all incidents, suspicions and disclosures of child abuse as soon as possible. Failure to report physical and sexual child abuse may amount to a criminal offence.

IF THE SOURCE OF SUSPECTED ABUSE IS FROM WITHIN THE FAMILY OR COMMUNITY:

DHHS CHILD PROTECTION

You must report to DHHS Child Protection if a child is considered to be:

- in need of protection from child abuse

- at risk of being harmed (or has been harmed) and the harm has had, or is likely to have, a serious impact on the child's safety, stability or development.

VICTORIA POLICE

You must also report all instances of suspected sexual abuse (including grooming) to Victoria Police.

REPORT TO MANAGEMENT

You must report to your approved provider.

NOTIFY THE REGULATOR

The Approved Provider early childhood services must notify the Quality Assessment and Regulation Division of any serious incidents, circumstances, or complaints which raise concerns about the safety, health and wellbeing of a child being educated and cared for by a service. Notifications may be made at National Quality Agenda IT System: <https://www.acecqa.gov.au>

If you believe that a child is not subject to abuse, but you hold significant concerns for their wellbeing you must act. This may include making a referral or seeking advice from Child FIRST (in circumstances where the family are open to receiving support), or to DHHS Child PROTECTION or Victoria Police.

If the source of suspected abuse is from within the service:

If the source of suspected abuse comes from within the service (this includes any forms of suspected child abuse involving a staff member, contractor, committee member or volunteer):

- you must contact Victoria Police via your local police station (where appropriate they will refer you on to the local Sexual Offences and Child Abuse Investigation Team)
- you must report internally to the approved provider or person with management or control
- the approved provider must notify the Quality Assessment and Regulation Division. Notifications made via the National Quality Agenda IT System: <https://www.acecqa.gov.au>
- The approved provider must notify the Commission for Children and Young People (CCYP) of within **three** business days of becoming aware of an allegation (*refer to Reportable Conduct Scheme*)
- a contact person must be identified at the service for future liaison with Child Protection and Victoria Police and seek advice about contacting parents/carers.

ACTION 3: CONTACTING PARENTS/CARERS

You must consult with Victoria Police or DHHS Child Protection to determine what information can be shared with parents/guardians. They may advise:

- not to contact the parents/guardians (e.g. in circumstances where the parents are alleged to have engaged in the abuse, or the child is a mature minor and has requested that their parent/guardian not be contacted)
- to contact the parents/guardians and provide agreed information as soon as possible (for approved provider's, it is a requirement that parents/guardians are notified within 24 hours if the suspected abuse occurred at the service).

ACTION 4: PROVIDING ONGOING SUPPORT

The service should take reasonable steps to make a child feel safe and supported whilst they are attending the service.

- the service should also consider providing support for children impacted by abuse. Eg. refer to wellbeing professionals.
- you must follow the **Four Critical Actions** every time you become aware of a further instance or risk of abuse. This includes reporting new information to authorities.

The reportable conduct scheme

The Approved Provider must notify the Commission for Children and Young People (The Commission) of a reportable allegation (*refer to Definitions*) within **three** business days of becoming aware of an allegation. The Approved Provider must provide certain detailed information about the allegation and their proposed response within **30 calendar days**.

The approved provider must also investigate the reportable allegation and provide the findings of the investigation to the Commission. The service must also respond to the Commission when contacted for information.

The Commission provides guidance on the processes and documentation required when making a report: refer to <https://ccyp.vic.gov.au>

Child protection in early childhood: Privacy and information sharing

The Child Information Sharing Scheme, and the Family Violence Information Sharing Scheme allow professionals working with children to gain a complete view of the children they work with, making it easier to identify wellbeing or safety needs earlier, and to act on them sooner.

Following a report to DHHS Child Protection, Victoria Police and/or ChildFIRST you should:

- consult with your approved provider before disclosing information about the report and the child and their family to another information sharing entity (except to verified Victoria Police and DHHS Child Protection workers in very urgent situations and/or if the information is required to protect the safety of that child) and/or
- seek consent from a child or their parents/guardians before disclosing information about the report and the child and their family to anyone other than authorities and staff members (provided this does not place the child or another person at risk).

Privacy laws allow for staff to share a child's personal and health information to enable the service to:

- provide and support the education of the child, plan for individual needs and address any barriers to learning
- support the social and emotional wellbeing and health of the child
- fulfil duty of care obligations to the child, other children, staff and visitors
- make reasonable adjustments if the child has a disability, including a medical condition or mental illness
- provide a safe and secure workplace.

ATTACHMENT 4: FORM FOR RECORDING AND RESPONDING TO SUSPECTED CHILD ABUSE

Under the National Quality Framework, the approved provider of an education and care service must ensure that an incident, injury, trauma and illness record is kept ([Regulation 87](#)).

This form should be used to record incidents, disclosures and suspicions of child abuse. Completing it should not impact reporting times. If a child is in immediate danger staff should immediately contact Victoria Police on 000.

When completing this form, provide as much factual information as possible. This information is critical and may be sought at a later date, should the matter be subject to Court proceedings.
