## BACKGROUND AND LEGISLATION

### BACKGROUND

*The Education and Care Services National Law Act 2010 (National Law)* requires services to deliver an educational program (curriculum) that is based on an approved learning framework. In Victoria, approved learning frameworks for the early childhood sector are the *Early Years Learning Framework 2022 V2 (Belonging, Being & Becoming)* (refer to Sources), the *Victorian Early Years Learning and Development Framework* (refer to Sources) and *My Time Our Place, Framework for School age care in Australia 2022 V2* (refer to Source). The Frameworks are underpinned by contemporary theory and research and provide educators with a deep understanding of the pedagogical approach to early childhood curriculum.

Part 4.1 of the *Education and Care Services National Regulations 2011 (National Regulations)* outlines the operational requirements for educational program and practice within services, including the requirements for documentation of assessments in relation to the educational program. Educators practice and curriculum decision-making should be guided by an approved learning framework. An approved learning framework provides broad direction for educators to facilitate children's learning.

The *National Law and Regulations* provide no specific guidelines for documenting educational programs, assessments, or evaluations. The method of documentation will vary based on factors such as the number, ages, and capabilities of the children, as well as their attendance. To meet the requirements of the *National Regulations*, assessments must include an analysis of each child's learning. Collection of this information enables educators to plan effectively for children's learning and development. It can also be used by educators to reflect on their own values, beliefs and teaching practices, and to communicate about children's learning with children and families.

The *National Regulations* require the appointment of an Educational Leader to lead and support the development and implementation of the educational program (or curriculum) at the service (*Regulation 118*). This person will have suitable qualifications and experience, as well as a thorough understanding of the *Early Years Learning Framework V2* and/or the *Victorian Early Years Learning and Development Framework*, enabling them to guide other educators in planning and reflection, and to mentor colleagues in implementation practices (*Guide to the Education and Care Services National Law and the Education and Care Services National Regulations, p85 – refer to Sources*).

The aim of *Quality Area 1: Educational Program and Practice* of the *National Quality Standard* is to ensure that the educational program and practice is stimulating and engaging and enhances children's learning and development.

### LEGISLATION AND STANDARDS

Relevant legislation and standards include but are not limited to:

- Education and Care Services National Law Act 2010
- Education and Care Services National Regulations 2011
- National Quality Standard, Quality Area 1: Educational Program and Practice
- Standard 1.1: The educational program enhances each child's learning and development
- Standard 1.2: Educators facilitate and extend each child's learning and development
- Standard 1.3: Educators and co-ordinators take a planned and reflective approach to implementing the program for each child

## DEFINITIONS

The terms defined in this section relate specifically to this policy. For regularly used terms such as Approved provider, Nominated supervisor etc refer to the Definitions file on the kindergarten website.

**Approved learning framework:** provides a vision for learning, pedagogical principles, practices and general goals or outcomes for children's learning and how they might be attained. It provides a scaffold to assist educators to develop their own, more detailed curriculum relevant to their setting and the children and families attending. *The Early Years Learning Framework V2 (Belonging, Being & Becoming)*, *the Victorian Early Years Learning and Development Framework* and *My Time, Our Place V2; Framework for School Age Care in Australia* are approved learning frameworks for use in Victoria (*refer to Sources*).

**Critical reflection:** a process that help to inform practice in ways that demonstrate an understanding of each child's learning, development and wellbeing and implications for equity and social justice. It involves examining and analysing events, experiences and practices from a range of perspectives to inform future planning and decision-making (*Early Years Learning Framework 2022 V2 – refer to Sources*).

**Educational program:** a program referred to in section 168 of the Law. An educational program is to contribute to the learning outcomes for each child: the child will have a strong sense of identity; the child will be connected with and contribute to his or her world; the child will have a strong sense of wellbeing; the child will be a confident and involved learner; and the child will be an effective communicator.

**Curriculum:** (in early childhood) includes all the interactions, experiences, activities, routines and events, planned and unplanned, that occur in an environment designed to foster children's learning, development and wellbeing (*Early Years Learning Framework 2022 V2 – refer to Sources; adapted from Te Whariki*).

**Each child:** used in the *National Quality Standard* when an individualised approach is warranted, and educators are required to modify their response to meet the needs of an individual child. An example is 'each child's current knowledge, ideas, culture and interests provide the foundation for the program'.

**Educational Leader:** the approved provider of an education and care service must designate, in writing, a suitably qualified and experienced educator, co-ordinator or other individual to lead the development and implementation of educational programs at the service (*Regulation 118*). This person should have a thorough understanding of the *Early Years Learning Framework* (or other learning framework), be able to guide other educators in their planning and reflection, and mentor colleagues in the implementation of their practice.
