BACKGROUND AND LEGISLATION

BACKGROUND

High quality services with qualified, skilled and supported educators have a long-term positive impact on the trajectory on children's lives. Eligibility for services to receive funding also includes requirements for staff to hold specific qualifications ([The Kindergarten Funding Guide – see Sources](#)).

In addition, there are legislative requirements that there is at least one educator who holds current (within the previous 3 years) approved first aid qualifications, anaphylaxis management training and emergency asthma management training to be in attendance and immediately available at all times that children are being educated and cared for by the service. ** **ALL educational staff at Denzil Don Kindergarten are required to have these qualifications** ** These qualifications must be updated before expiry, and a copy of the qualifications is kept on the *Staff Currency Record*.

Staff professional development is crucial to ensure that their work practice remains current and aligned to the practices and principles of the national [Early Years Learning Framework](#) (EYLF) and the [Victorian Early Years Learning and Development Framework](#) (VEYLDF) ([see Sources](#)).

Staff are required to actively supervise children at all times they are in attendance at the service (*refer to Supervision of Children Policy*). To facilitate this, services are required to comply with legislated educator-to-child ratios at all times, which are based on the qualifications of the educators, and the ages and number of children at the service. Only those educators working directly with children can be included in ratio.

All service staff are required by law to have a current WWC Clearance or be registered with the VIT (*see Definitions File*). It is also recommended that the nominated supervisor and staff with financial responsibilities have a criminal history record check (*see Definitions File and Sources*).

Child Safe Standard organisations are required to have policies and procedures in place for the recruitment and pre-employment screening, supervision, appropriate induction, and ongoing supervision and people management is focused on child safety and wellbeing (*refer to Child Safe Environment and Wellbeing Policy*).
